

Which place is not good for caterpillars to live?

Where could a little caterpillar be hiding to eat their snack?

The Very Hungry Caterpillar

THE VERY HUNGRY CATERPILLAR

by Eric Carle

In the light of the **moon** a little **egg** lay on a leaf.
[Can you see the moon? Can you see the little egg?]

One **Sunday** morning the **warm sun** came up and - pop! Out of the egg came a **tiny** and very **hungry** caterpillar. He started to look for some food.

On **Monday** he ate through one apple.
But he was still hungry.

On Tuesday he ate through two pears,
but he was still hungry.

On Wednesday he ate through
three plums, but he was still hungry.

On Thursday he ate through four strawberries, but he was still hungry.

On Friday he ate through five oranges, but he was still hungry.

On Saturday he ate through one piece of chocolate cake, one ice-cream, one pickle, one slice of Swiss cheese, one slice of salami...

one lollipop, one piece of cherry pie, one sausage,
one cupcake, and one slice of watermelon.

... That night he had a **stomach ache!**

The next day was **Sunday** again. The caterpillar ate through one nice green leaf, and after that he felt much better.

Now he *wasn't hungry* any more - and he *wasn't* a *little* caterpillar any more. He was a big, fat caterpillar.

He built a **small house**, called
a **cocoon**, around himself.

He stayed inside for more than **two weeks**.
Then he nibbled a hole in the cocoon,
pushed his **way out** and....

He was a beautiful butterfly!
